# English Translation

*It's Christmas, my love  
I look for you wherever I go  
Why are you gloomy?  
You left me all alone*

*If you leave my side  
How will Christmas be now?  
It feels like you abandoned it.*

*They're wasted: the promise we made  
And our true love  
Do you really want to give up  
Our sweetness and joy?*

*If you leave my side  
How will it be, this Christmas  
I dedicate to you?*
